Every evening in the hotel's lobby we will serve delicious must-try local sweets together with a Greek coffee - Elliniko Kafe, which will be prepared the old fashioned way, using very finely ground coffee beans, served in the traditional hammered Copper Serving Tray. Guests will be able to take the recipe of the served sweet, so that they can make it at home.

We want it to be a memorable experience that will travel guests back in time, making their taste buds happy! Activating it publicly and giving it a more theatrical style, we want to give more substance to this standalone culinary moment that will occur daily on property. The fresh sweet creations will be made by our pastry chef and will be inspired of course by the local cuisine! Some examples of the traditional sweets that you can find only in Corfu would be the tempting Mandolato, sesame bars with Kumquats, which is a local fruit that tastes like tangerine, Marzipan/crushed almond sweets, Sicomada, a kind of cake prepared with dried figs, almonds, orange skin, pepper, cinnamon, wine and Ouzo, Tsaletia and so on, but we will leave that to our talented chef!

WEEKLY MOMENTS

The Governor, a family of local olive oil experts, each week will go through the history of the olive oil and the old Venetian groves at Miramare that date back to 1400-1500. In a truly wonderful Mediterranean setting with spectacular sea views and in the form of tour and storytelling, the specialist will explain to guests all the stages of olive oil harvesting, processing and extracting, giving them the opportunity to taste fine extra virgin and flavored olive oils accompanied by flavorsome tapas.

We will be offering to guests an on property expedition that will allow them to learn about the local culture through culinary arts. This exploration will occur once a week and it will include a guided tour in our four century old olive grove.
